

ENVIRONMENTAL POLICY

The Kendall Group of Companies recognises that its day-to-day operations and products have both a positive and negative impact on the environment and the organisation is fully committed to minimising the pollution and harmful effects of its actions and products wherever practicable.

The Kendall Group of Companies is demonstrating its corporate commitment through an Environmental Management System and other environmental initiatives.

As a result we will:

- Comply with all relevant environmental legislation and regulatory controls
- Reduce waste and minimise avoidable pollution or nuisance caused by our activities
- To use energy and natural resources efficiently and to reduce consumption wherever possible
- To minimise the generation of waste and to dispose of unavoidable waste in a responsible manner
- To consider the environmental implications of changes to products, processes, materials and facilities when business decisions are made
- To continually improve our environmental performance through the setting and review of realistic and achievable objectives and targets
- To provide appropriate resources for the implementation of this policy
- To work with relevant stakeholders to implement this policy
- To verify compliance by achieving certification to BS EN ISO 14001

Signed.....

Managing Director
